AI literacy in one evening

The basics + a certificate

Is this for you?

You teach in primary or secondary education. Your school has to show its staff are AI-literate, and you'd rather understand it than sit through a button-pushing course. You've used ChatGPT a little, or never, and want to know what it can and can't do before deciding what to do with it in class.

MORE INFO https://curateeducationconsulting.nl

2 hours

- 10 min self-check beforehand
- 2 hrs online, small group
- Repeat the self-check at the end

What you walk away with

- A certificate naming the Kennisnet indicators covered
- Your before/after self-evaluation
- A one-page "my rules for AI" sheet
- A clear idea of whether the advanced session on AI for international projects is for you

When: Evenings 19:30–21:30, online, dates on request
Group: 8–16
Language: English
Price: €100 per teacher
Whole team? Ask about the in-school version at a flat fee.
Maps to:

- Kennisnet AI-literacy framework, basic level
- EU AI Act, Article 4 (AI literacy duty)
- Your school's AI Act evidence file
