CLIL that works

Plan it, teach it, debrief it

Is this for you?

You teach your subject in English, in a tto or international school. Your pupils follow the content, but their English isn't growing as fast as it could, or the language keeps slowing the content down. You want a practical way to plan for both without doubling your prep.

MORE INFO https://curateeducationconsulting.nl

8 hours

- 3.5 hrs workshop
- 3 hrs teaching it in your classroom
- 1.5 hrs online debrief with student work

What you walk away with
