Global citizenship in the lessons you already teach

Using your current lessons

Is this for you?

You teach any subject in primary or secondary education. Maybe your school's international activities reach only the bilingual stream or the exchange group, and you want all your pupils to get something. Or you're simply curious how to do this without extra prep time. In tto schools it works with your CLIL lessons as they are.

MORE INFO https://curateeducationconsulting.nl

8 hours

- 3.5 hrs workshop
- 3 hrs trying it in your classroom
